REMARKS

The present response is intended to be fully responsive to all points of objection and/or rejection raised by the Examiner and is believed to place the application in condition for allowance. Favorable reconsideration and allowance of the application is respectfully requested.

Applicants assert that the present invention is new, non-obvious and useful. Prompt consideration and allowance of the claims is respectfully requested.

Status of Claims

Claims 1 through 10 and 12 through 17 are pending in the application. Claims 2 through 10 and 16 have been objected to as depending on rejected base claims. Claims 1, 12 through 14 and 17 have been rejected. Claims 1, 3, 5, 7 and 13 have been amended.

Claims 2 and 16 have been canceled without prejudice or disclaimer. In making this cancellation without prejudice, Applicants reserve all rights in these claims to file divisional and/or continuation patent applications.

Allowable Subject Matter

In the Office Action, the Examiner stated that claims 2 through 10 and 16 would be allowable if rewritten in independent form.

Claims 1 has been amended to incorporate the limitations of allowable claim 2, and claim 13 has been amended to incorporate the limitations of allowable claim 16, thereby making both independent claims now allowable. All claims depending on claim 2 have been amended to depend on claim 1.

In view of the foregoing amendments and remarks, all the pending claims are deemed to be allowable. Their favorable reconsideration and allowance is respectfully requested.
